

“Our national spotlight should clearly be on the **crib**_not on the criminal_if we are to change the future. Infants who do not receive a warm welcome into the world will seek their revenge.”

Mission

Being a parent is the single most important contribution one can make to the world. Through education, community, and compassion, *Baby Peaches, Inc.* embraces new parents and new life.

According to the National Center for Children in Poverty, 40% of Georgia's children under the age of 6 years old live in low-income families, many headed by parents without a high school diploma. With this in mind, *Baby Peaches* provides critical resources to parents during the most vital age of their children's lives.

Baby Peaches provides resources to families and newborns in the form of a **Peach Baby Bag**. These bags are presented to families before they leave the hospital. The **Peach Baby Bag** includes the following **4** parenting necessities:

1 Education

- Newborn Basics Video - perfect for educating parents on how to care for their newborn during the first few months of development
- First-year Baby Care Book - providing in-depth information on the early years, newborn's health, child care and parenting
- Board Books for Baby- reading readiness begins before 18 months

2 Health/Hygiene

- Newborn Thermometer – babies with fevers need immediate care
- Lotion Kit – daily hygiene care items
- Washcloths – keeping babies clean and free of diaper rashes

3 Safety

- Electric Outlet Covers - creating a safer household as babies start to crawl
- Latches - 50% of all poisoning calls are for children under 6 years of age.
- Magnets - providing safety, education, and health reminders

4 Basic Baby Care

- Cloth Baby Bag - a sturdy bag to hold supplies
- A few diapers for the first days home
- Receiving Blankets – for warmth, comfort, and emotional needs (swaddling)
- Pacifiers, bibs and more!
